Personal Summary

I am making a career change after working in the medical records field for many years. Due to offshoring, my entire QIS team was laid off 11/1/2018, and I was given the opportunity to obtain an associate degree in software development, as part of the Federal TAA program as a displaced worker, which I pursued wholeheartedly! I am now seeking opportunities in which I can integrate my prior work experience with the developer skills I have obtained, and look forward to contributing, learning and growing more in this field. Additional skills I bring: Independent long-term remote worker; positive, empathetic and optimistic attitude; strong multitasking, time-management and communication skills; diligent problem solver; passionate about learning, training, growing and technology.

Work Experience

MModal (formerly MedQuist) – Franklin, TN July 2003 to November 2018

Quality Improvement Specialist (Remote position) 10/2008 to 11/2018

Duties: Drive Service Delivery excellence for assigned clients via compliance with Quality Program standards utilizing live audits and positive feedback. Perform monthly assigned quality audits for clients (proofreading/editing/scoring). Due to offshoring, my entire team was laid off 11/2018.

Manager, Service Delivery (Remote position) 07/2007 to 10/2008

Managed 5 Supervisors and staff of MTs and QA staff. Daily Goals: Trained/Supported Supervisors to achieve workflow and quality goals, address stat issues. Hiring, training, PMP/PIP, termination. Responsibilities: Performance of Supervisors, MTs and QA staff in attaining TATs, quality, and customer service goals for the 105 hospitals/clinics in our book of business. **Company restructure 10/2008:** Elimination of all Manager Roles; I was retained in the Quality Improvement Specialist role.

QA Manager/Audit Supervisor (Remote position) 07/2003 to 07/2007

Managed 32 FTE QA Specialists. Developed QA plan to address quality issues/TAT and increase QA production. **Promoted 06/2006: Audit Supervisor** N Region as part of new national team. Duties: interview, hire, train team of 15 auditors. Lotus Notes Audit DB administrator. Developed training materials, led webinars, trained new auditors, liaison for database users. **Promoted to Manager, SD.**

EDiX Corporation – Clearwater, FL August 2001 to July 2003

Medical Transcriptionist/Quality Editor (Remote position) – Transcribed medical reports for all specialties maintaining quality standard requirements for all reviews. Promoted to Quality Editor in October 2002, achieving 4-star monthly reviews for each period.
